**Re: Autodesk, Inc.  
2006 Stock Plan Proposal**

Ladies and Gentlemen:

As we have discussed, with respect to our 2006 Stock Plan (the "Plan"), which is proposed for stockholder approval at Autodesk's Annual Meeting on June 23, 2005, senior management will recommend to the board that Autodesk maintain its current policy of repurchasing shares of its common stock to offset the dilutive impact of our employee stock plans, subject of course to the requirements of Delaware law and consistent with the board's duty to evaluate various potential uses of our cash in light of then existing business conditions. As we described in our fiscal 2005 10-K Report, Autodesk generates significant cash flow and our current and planned uses of cash include share repurchases, mergers and acquisitions and investments in growth initiatives. At May 31, 2005, approximately 29 million shares of common stock remained available for repurchase under the existing repurchase authorization of the board of directors.

Please contact me with any questions regarding the foregoing. We sincerely appreciate your support as a stockholder of Autodesk and we hope to see you at our Annual Meeting on June 23, 2005.

Very truly yours,  
AUTODESK, INC.

Marcia K. Sterling  
Senior Vice President and General Counsel
